

PRODUCT NUMBER: 1002325

SUPERVIZOR SV9PGFH

Gold-Coated Abrasion-Resistant (230mm)

Honeywell

Overview

Reference Number

1002325

Product Type

Eye and Face Protection

Range

Faceshields

Line

Supervizor

Brand

Honeywell

Brand formerly known as

PULSAFE

Industry

■ Administration

Product Use

This visor is designed primarily for use in high heat and high IR environments such as steel mills and metals processing facilities

Protection against radiant heat sources up to 1390°C Gold (24Karat) coated for High heat reflection

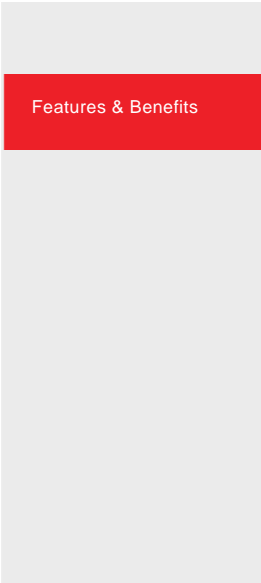

Infrared protection up to 2000 nm (not suitable for welding)

Ultraviolet protection Protection against Molten Metal

Protection against hot solids

Protection against splashes of liquids

Protection against high speed particles impact (120 m.s-1)

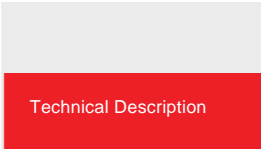

Features & Benefits

Feature
A robust, heavy-duty, helmet mounted faceshield with hearing protection compatibility Compatible with a wide range of helmet designs (size, shape and geometry)Visor fixing method is secure and allows easy visor replacement

Benefit
it gives maximum protection, allowing full unrestricted head movement

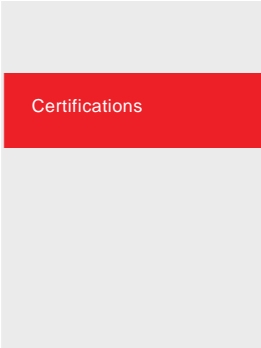

Feature
Full face protection: optional chinguard versions available for added protectionCreased visor eliminates gaps and visor profile follows contours of the face Visor selection can be tailored to the specific hazard/application: mechanical, chemical, heat etc.SH items are compatible with the complete range of helmet mounted earmuffs including Bilsom communication earmuffs

Benefit
Design allows the visor to be tilted whilst leaving the earmuffs in place covering the ears. It also facilitates the wearing of the earmuffs without compromising the attenuation, whilst maintaining a maximum area of facial coverage

Technical Description

Visor
Gold-Coated abrasion-resistant

Annex

to the Certificate with Registration No. C0793D/R3, dated 2012-12-20

Herewith, DIN CERTCO PZA certifies that the model is in compliance with the basic requirements of the Directive 89/686/EEG for personal protective equipment. The certificate is based both / either on the tests and / or on the technical documentation submitted by the manufacturer.

Test report(s)

121 95, 30012-FMPA-96, 10101-PZA-08, 12141-PZA-09, 10771-PZA-10,
10772-PZA-10, 10 319-1, 10 319-2, 12581-PZA-12, 12582-PZA-12

Name and address of DIN CERTCO as the notified body - identification no. 0196 are to be indicated in the information brochure for the product.

This eye-protection is to be marked on the oculars and/or the frames. The marking must include:

Frame: D 166 3 8-1-0 9 B CE 0196

Safety visor: 3-1,2 D 1 F 8-1-0 CE 0196

Product can additionally be marked with the symbol of the "double triangle" with addition "1000 V" according to IEC60417-5216.

Additional product specification

Optical class	1
Shade / scale number	3-1,2
Short circuit electric arc	8-1-0
Liquidity	3
Configuration	additional for frames: mechanical strength B (120 m/s) resistance to molten metal and hot solids 9 additional for safety visors: mechanical strength F (45 m/s)

E.C. Declaration of Conformity

The manufacturer or its legal representative supplier in the European Community:

Honeywell Safety Products Europe

Declares that the Personal Protective Equipment described here after conforms to the provisions of the European Council Directive 89/686/CEE:

Designation: SUPERVIZOR SV9PGFH Gold-Coated Abrasion-Resistant (230mm)

Reference: 1002325

Standard(s): EN166
