

PRODUCT NUMBER: 6245711  
**BAC'RUN 711 S3**

## Overview

**Reference Number**

6245711

**Product Type**

Footwear

**Range**

Bac'Run

**Line**

Essentials

**Brand**

Sperian

**Brand formerly known as**

BACOU

**Industry**

- Building and Construction
- Industry

**Product Use**

Safety shoes for professional use.

## Features & Benefits

**Feature**

200 J Spacium TM non metallic toe cap Non magnetic Extra wide Chemically neutral

**Benefit**

Ultra light and comfortable Inalterable and excellent thermal insulator

**Feature**

Insole Ergonomic and antistatic Anti-bacteria treatment

**Benefit**

Provides optimal comfort and hygiene

## Technical Description

**Sizes**

35-48

**Table Size**

Table Size

**Midsole**

Stainless steel midsole for puncture resistance.

**Upper**full grain pigmented leather upper, treated oil and water repellent with padded collar Leather lined belowed tongue  
Reinforcement on the front of the foot**Toe Cap**

200 J SPACIUM™ Toe cap : Ultra light (50% lighter than a steel toe cap) non metallic Thermal insulation Inalterable

**Insole**

Ergonomical, antistatic an antibacterial insole

**Outsole**Dual density PU sole, Density of comfort layer : 0,5 = optimal comfort. Outsole density : 1 Excellent grip properties due to deep, large self-cleaning studs High slip resistance coefficient 0.27 Shock absorption capacity > 20 joules. Very good abrasion resistance : Volume loss < 150 mm<sup>3</sup> (under a weight of 1kg = 10 newtons) High stretching resistance (up to breaking point) : 650 %. Good resistance to repeted flexion > 60.000 (test carried out with MATTIA flexometer, standard requirement = 30.000) High resistance to hydrocarbures : Volume variation (test of 22 hours) \* oil ASTM N°1 swelling < 0,5 % \* isoctane-toluene (70/30) swelling < 4% Heat resistance :satisfactory up to 120° C. Resistant to acids and alkalis in weak concentrations**Certifications****🔒 E.C. Declaration of Conformity****EC Category PPE**

2

**Quality Assurance**

ISO 9001 / 2008

**EC Attestation**

🔒 EC Attestation

**EC Attestation Number**

0075/003/161/04/04/04/0040 Ext N° 07/04/04

**Maintenance****Life Cycle**

If the footwear is supplied with a part of, or the whole sole unit made of polyurethane:We advise that the footwear should be used in the limit of 3 years following the manufacturing date, which figures on the footwear.

After this time limit, certain factors such as : exposure to sunlight, hydrometry, temperature changes, could cause a modification in the structure of the material, which would no longer maintain the same performance levels with regards to the requirements defined in the European Directive 89.686 CEE.

If the footwear is supplied with a sole unit made from a material other than polyurethane:We advise that the footwear should be used in the limit of 5 years following the manufacturing date, which figures on the footwear.

**Storage Information**

Footwear should be stored in their original packaging, kept in a controlled stock area, not subject to rapid changes in temperature or humidity levels.

**Care Instructions**

After use leave your footwear to dry in an aired place away from heat.

Remove any excess dust or dirt with a brush. Remove any marks using a damp cloth and soap if necessary.

Finally polish any grain or pigmented leathers using a commercially available shoe care product.
