

PRODUCT NUMBER: 6203001
BACOU TPT LUNA S3 SRA

Overview

Reference Number

6203001

Product Type

Footwear

Range

Temptation

Line

Elite

Brand

Sperian

Brand formerly known as

BACOU

Industry

- Industry
- Logistics

Product Use

Safety shoes for professional use.

Features & Benefits

Feature

Premium™ non metallic 200J toe cap Non magnetic Anatomical- adapted to women's feet

Benefit

Excellent thermal insulator Light and very comfortable

Feature

Healthtech Bamboo lining Ultra resistant and absorbant lining with anti-odour and anti-perspirant properties

Benefit

Comfort and well being for the wearer

Feature

New feminine sport style outsole TPU/Nitrile outsole with EVA heel insert

Benefit

Good adhesion and abrasion properties, whilst ensuring comfort and flexibility

Feature

Variety of upper materials and colours

Benefit

Suitable for different working environments

Feature

Flexium™ anti-puncture midsole Non-metallic, made with high tenacity textile fibres Covers 100% of the plantar surface

Benefit

The midsole is light and flexible No constraints for the wearer when flexing the foot Antistatic and comfortable

Technical Description

Sizes

35-42

Midsole

Flexium™ anti-puncture midsole. Non-metallic, made with high tenacity textile fibres. Covers 100% of the plantar surface

Upper

Ankle Boot in water resistant nubuck leather Padded ergonomic ankle collar Bamboo lining

Toe Cap

Premium™ non metallic 200J toe cap Non magnetic

Insole

Anatomical, antistatic, removable insole

Outsole

TPU & Nitril outsole: Good slip resistance coefficient according to EN ISO 20345:2007 SRA Abrasion resistance : Volume loss < 98 mm³ Resistance to oil, hydrocarbons and alkalis in weak concentrations (volume variation < 4%) Good resistance to repeated flexion > 30 000 EVA insert in heel for shock absorption

Additional Information

User Manual

User Instruction EN ISO 20345 2011-Footwear-Honeywell-032012

Maintenance

Life Cycle

If the footwear is supplied with a part of, or the whole sole unit made of polyurethane : We advise that the footwear should be used in the limit of 3 years following the manufacturing date, which figures on the footwear.

After this time limit, certain factors such as : exposure to sunlight, hydrometry, temperature changes, could cause a modification in the structure of the material, which would no longer maintain the same performance levels with regards to the requirements defined in the European Directive 89.686 CEE.

If the footwear is supplied with a sole unit made from a material other than polyurethane: We advise that the footwear

should be used in the limit of 5 years following the manufacturing date, which figures on the footwear.

Storage Information

Footwear should be stored in their original packaging, kept in a controlled stock area, not subject to rapid changes in temperature or humidity levels.

Care Instructions

After use leave your footwear to dry in an aired place away from heat.

Remove any excess dust or dirt with a brush. Remove any marks using a damp cloth and soap if necessary.

Finally polish any grain or pigmented leathers using a commercially available shoe care product

En exécution de la Directive 89/686/CEE du 21 décembre 1989 concernant le rapprochement des législations des états membres relatives aux équipements de protection individuelle et des décrets n° 92-765, 766 et 768 du 29 juillet 1992 portant transposition de cette directive en droit français,
In application of the Directive ref. 89/686/EEC of 21st December 1989, concerning the alignment of member state legislation relating to personal protective equipment and the decrees n° 92-765, 766 and 768 of the 29th July 1992 concerning the transposition of the Directive into French law,
