

**PRODUCT NUMBER: 1017751**  
**DuraMaxx Goggle Clear Lens**

## Overview

**Reference Number**

1017751

**Product Type**

Eye and Face Protection

**Range**

Goggles

**Line**

DuraMaxx

**Brand**

Sperian

**Brand formerly known as**

PULSAFE

**Industry**

- Industry
- Building and Construction
- Chemical Industries
- Food Industries
- Industrial Cleaning
- Laboratory
- Maintenance
- Medical and Pharmaceutical

**Product Use**

DuraMaxx is the first high performance goggle for which wearers will not compromise

The DuraMaxx™ goggle provides wearers with a wide range of premium comfort and performance benefits. Its low-profile design and toric lens provide superior optics and unobstructed vision, while it's soft, elastomer body flexes and conforms to the face for a comfortable, gap-free fit. DuraMaxx is an OTG goggle which fits over most prescription spectacles comfortably. Also, it is designed so that the goggle body does not push on the temples of the prescription frames or grab the spectacles upon removing the goggle. The goggle features exclusive Sperian coating technologies and an indirect venting system combined to minimize fogging to keep lenses clear and workers safe. DuraMaxx goggle lenses come standard with Dura-streme™ coating technology (new from Sperian!). Dura-streme™ technology delivers tough, anti-scratch coating on the outside, and anti-fog coating on the inside, for lenses that last up to 3x\* longer. DuraMaxx has a large adjustable headband, an easy, economical lens replacement system, and can be worn comfortably with prescription frames and half-mask respirator.

Clear lens is ideal for indoor use.

## Features & Benefits

### Feature

Low profile design and toric lens for a large panoramic field of vision

### Benefit

It does ensure an unobstructed vision, a must for regular goggle wearers

### Feature

The OTG Goggle!

### Benefit

Fits over most prescription spectacles when still offering an incredible wearing comfort

## Technical Description

### Eyewear Type

Goggles

### Shade Lens Color

Clear

### Lens Coating

Dura-streme

### Shade Lens Material

Polycarbonate

### Replacement Lens

1028135

### Type

DuraMaxx

### Frame Color

Blue/Gray

### Frame Material

PP/TPE

### Headband Clip

Headband - Neoprene

## Certifications

 E.C. Declaration of Conformity

### EC Category PPE

2

### Quality Assurance

ISO 9001 / 2000

### EC Certificate Number

1893

### EC Attestation

 EC Attestation

### EC Attestation Number

0194
