

## PRODUCT NUMBER: 100

### Sahara 100

Sahara® 100 is a lightweight, flexible, durable, reliable, safe and comfortable protective glove. The high quality nitrile coating guarantees excellent physical properties. The flexibility of the raw materials and thickness of the coating ensure good sensitivity. Top-quality cotton liners, a good fit and a palm coating provide very good wearing characteristics. This glove was tested and approved according to Öko-Tex standard 100 (textiles tested for harmful substances). Sahara® 100 is approved for food handling and processing according to EU 1935/2004.

## Overview

### Reference Number

100

### Product Type

Gloves

### Range

General purpose

### Line

Light & medium handling

### Brand

KCL by Honeywell

### Brand formerly known as

KCL

### Industry

- Automotive and Part Manufacturer
- Building and Construction
- Logistics
- Metal steel
- Transportation
- Wood Industries

### Product Use

- Working with oily and wet parts
- Woodworking and gardening
- Metalworking and mechanical engineering
- Construction industry
- Assembly and transportation work
- Fork lift work
- Automotive industry
- Metal and plastics processing

## Features & Benefits

### Feature

Glove surface free from silicone (lacquer indifference, test method automotive industry) Öko-Tex standard 100 Leading glass manufacturer confirms surface compatibility for glass processing Food safety according to EU 1935 / 2004 Good discharge capacity

### Benefit

good resistance to mechanical damage moisture-repellent good fit very breathable skin-friendly manufacturing method and materials allows longer work sessions without fatigue additional wrist protection

## Technical Description

### Description

Interlock cotton liner with knitted wrist and yellow nitrile coating on palm and fingers

### Product Technology

Knitted dipped

### Glove/liner color

Yellow

### Coating Type

Nitrile

### Length

235-265

### Thickness

0,8

### Harmlessness

In conformity with European standards

### Sizes

7,8,9,10

### EN 388 - Mechanical Hazards Abrasion Resistance

Abrasion resistance	3
Cutting resistance (Coupe test)	1
Tear resistance	1
Puncture resistance	1
Cutting resistance (TDM test)	X

## Certifications

### EU Category PPE

2

### EU Certification

0075/1445/162/05/18/0838
