PRODUCT NUMBER: 1032182 Honeywell Millennia 2G Millennia 2G

Frame: Black Lens: Shade 3, Hard Coat

Honeywell

Overview

Reference Number 1032182

Product Type Eye and Face Protection

Range Spectacles

Line Single lens

Brand

Honeywell

Industry

- Automotive and Part Manufacturer
 Building and Construction
 Energy or Electricity
- General Industry
 Industrial Cleaning
 Laboratory
 Logistics
 Maintenance
- Food Industries
- Textile Industries
- Medical and Pharmaceutical
 Offshore
 Services
 Ship Building
 Telecoms Transportation
 Utilities
 Wood Industries
- **Product Use**

Spectacles for occupational use.

Application for welding relating to oxy-cutting, gas welding. Absorbs >99.9% of UV radiation up to 385 nm.

Features & Benefits

Feature

Simplicity "Put it on and GO!"

Benefit

Millennia 2G is new to Honeywell's "Put it On and Go" category, designed for those hassle-free workers who don't want to worry about adjustments or moving parts with their spectacles. No need to worry about lengthening temples, nose piece adjustments or ratcheting temples. Simply take the product out of the package, put it on and focus on the job at hand!

Feature

Comfort

Benefit

Softer, more flexible frame material for superior comfort against the head and ears when worn for all-day wear.

Feature

Superior eye and cheek coverage

Millennia 2G 1032182 - IR3 lenses Anti scratch

Benefit

Covers the eyes and areas above the cheeks and brow to ensure that the workers are protected from particulates, dust and other impact risks. A greater lens coverage wrap both peripherally and along the cheeks helps prevent particulate risk. A "shelf-like" design element along the brow has been added to help to prevent dust from dropping in between the frame and entering the eyes.

Feature

Large viewing area

Benefit

Offers panoramic viewing area to see more both frontally and peripherally while working. Less "frame interruption", which is a typical complaint from end-users when trying to look towards the left, right, above and below to see clearly in all directions.

Feature

Nasal comfort and stability

Benefit

The comfortable nose pads help prevent the eyewear from slipping off the nose and forcing the worker to have to readjust their eyewear throughout the course of the work day.

Feature

Sporty, more modern frame

Benefit

Classic and simple in design with a sporty touch to boost worker compliance

Procedure 1153-ECS-13 MILLENNIA 2G -family for UV & sunglare filtering action

Hello and best regards from Aalen, Germany!

We are going to continuously working and probably to finishing the file 1153-ECS-13, the testing, assessment and certification of one type / three variants of MILLENNIA 2G eye-protection spectacles providing UV and sunglare filtering action. Please find herein the test report and the revised EC-type examination certificate C1570.3HON. Please check all the documents very carefully and let us know any comments - also if there is a need for corrections.

Thank you for your order; we hope that we performed all the measurements, the assessments and the certification to your very satisfaction. And we are looking forward for new contacts and orders.

If you need any further information and/or if you got any further question, please do not hesitate and contact me immediately.

Applicant / manufacturer	Honeywell Safety Products 10, Thurber Blvd. SMITHFIELD, RI 02917 USA
Identification of the manufacturer	HON
Product type	Eye-protector, safety spectacles with filtering action, welding, UV and sunglare filters
Model name	MILLENNIA 2G - Spectacles for occupational use, see schedule identifying the different models
Standard(s) / technical rules	DIN EN 166 : 2001 & DIN EN 169 : 2002 & DIN EN 170 : 2002 & DIN EN 172 : 1994 + A1 : 2000 + A2 : 2001 Essential requirements according to Annex II of the PPE-Directive 89/686/EEC
Test reports	1087-ECS-13, 1153-ECS-13
Material	Lenses: polycarbonate Temples: plastics
Marking	Welding: X HON 1 FT Z - 166 FT CE UV: 2C-Y HON 1 FT Z – 166 FT CE Sunglare: 5-Z HON 1 FT Z – 166 FT CE for details see schedule for the different models

Herewith, ECS certifies that the named models comply with the basic requirements for health and safety as they are provided by the European Directive for Personal Protective Equipment 89/686/EEC. This certificate is based both / either on the test results as they are summarized in the named test reports, and/or on the technical documentation as it is delivered by the manufacturer. The applicant / manufacturer agrees to the General Business Rules of the ECS GmbH and to additional agreements as they are named in the application for conformity assessment.

The eye-protection device is to be marked as assigned. Either / both the frame and / or the ocular, spectacle, goggle or shield must be signed, as appropriate. If different marking has been assessed, the lowest marking must be applied, respectively. The validity of this EC-type examination will expire, if the manufacturer modifies the safety-relevant properties of this product with comparison to the tested one or if the requirements in the standards or technical rules will be revised and/or tightened. Name, address and identification number 1883 of the notified body ECS must be indicated in the information brochure of this product.
