

**PRODUCT NUMBER: 1014241**  
**R2 Comfort Revolution 2 -**  
**DualTech - Size XXL**

2-point, quick-connect buckles, size XXL

## Overview

**Reference Number**

1014241

**Product Type**

Fall Protection

**Range**

Harness

**Brand**

Miller by Honeywell

**Industry**

- Industry
- Building and Construction
- Maintenance

**Product Use**

2-point full body harness for use with a fall arrest device and suitable anchorage point. The robust Miller Revolution harness is ideal for scaffolding, steel erection, tower building and maintenance thanks to the unique Revolution technology and a multitude of key features. The PivotLink™ connections are located at waist level for a better ergonomic fit when bending or squatting.

## Features & Benefits

**Feature**

Made from patented DualTech webbing with shape retention memory, the R2 Comfort Revolution harness is ideal for scaffolding, steel erection, tower building and maintenance thanks to the unique Revolution technology and a multitude of key features. The PivotLink™ connections are located at waist level for a better ergonomic fit when bending or squatting. Fitted with quick-fixing buckles.

**Benefit**

PivotLink Connection (patented): This unique rotary design provides greater comfort in bending / mobility. Positioned at waist level to mirror the bending and squatting movements of the worker in construction and maintenance. Provides attachment point for tools and accessories. Made of stainless steel for corrosion resistance.

ErgoArmor Back Shield: this semi-flexible back shield minimizes impact from sharp / heavy snap hooks and self retracting lifelines. The self-adjusting channels conform to a variety of body shapes. The padding conforms to unlimited back contours while allowing superior air flow. A knitted mesh membrane minimizes moisture absorption and maintains an optimal air

circulation whilst also helping to position the back D-ring correctly.

Self Contained Label Pack (patented): encapsulates labels minimizing damage and loss. Durable, polymer construction for extended service life. Integrated and oversized pull-free lanyard rings.

Cam Buckle (patented): Easy, one-hand adjustment / release allows simultaneous adjustment of shoulder straps. Promotes proper snug fit; will not slip or misadjust. Constructed of high-tech polymer, lightweight aluminum and stainless steel materials that resist rust/corrosion.

Web Finials (patented): Clip-on design safely organises webbing after proper adjustment. Constructed of durable, high-impact resistant polymer. Provides positive gripping surface for easy web adjustment.

Integrated Accessory System: Modular attachment design provides connection points for tools & accessories which can be easily attached/removed for greater comfort and convenience. Designed to distribute the weight of accessories across the hips and shoulders for comfort and mobility.

DualTech Webbing (patented): Donning made easy with two-sided, contrasting colour webbing and textures: soft grey polyamide webbing on the inside and durable, abrasion resistant polyester webbing on the outside. Webbing engineered with shape retention memory for a more comfortable fit. Unique circular tack provides greater strength, and contrasting colours make inspection easier.

Custom Identification: Four brightly coloured permanent labels allow customisation for date of service, specific trade, sub-contractor etc. A write in window allows space for individual names or other information.

## Technical Description

### Performance

#### Complementary Information

DualTech™ webbing.

PivotLink™ connections at waist level.

ErgoArmor™ back shield.

Integrated accessory system.

Cam buckles and web finials.

Self-contained label pack.

Quick-fixing buckles.

Adjustable leg and shoulder straps.

Breaking strength: 1000daN.

Norm EN361.

,

**EXTENSION DE L'ATTESTATION D'EXAMEN CE DE TYPE**  
*(EC Type - Examination certificate extension)*  
**N°0082/490/160/05/06/0261 EXT N°01/08/10**

A l'équipement suivant :

*To the following equipment*

➤ Type d'équipement : **Harnais d'antichute**

*Category of equipment: Full body Harness*

➤ Marque commerciale : **MILLER R2 Rev0 Const 2pts Confort DualTech**

*Trademark*

➤ Equivalences : la présente extension est attribuée aux tailles suivantes :

*Equivalences: this certificate is awarded to the following sizes:*

- **XS** - très petite taille  
*extra small size*

- **S/M** - taille petite/moyenne  
*small/medium size*

- **L/XL** - taille large/très large  
*large/extra large size*

- **XXL** - taille extra large  
*very extra large size*

➤ Fabricant : **SPERIAN FALL PROTECTION FRANCE** – 35-37 Rue de la Bidauderie – 18100 VIERZON - France

*Manufacturer*

➤ Description : Harnais d'antichute à deux points d'accrochage antichute (dorsal et sternal). Accrochage dorsal par dé métallique. Accrochage sternal par deux boucles en sangle à relier. Fermeture des tours de cuisses par boucles automatiques (description détaillée dans le dossier d'extension 10.6.0240 et dans le rapport d'examen CE de type 06.6.0092)

*Description: Full body harness including two fall arrest attachment points (Back and front). Back attachment point by metallic buckle. Front attachment point by two webbing buckles to link. Leg loops attachment by automatic buckles (detailed description in extension file 10.6.0240 and in EC type examination report 06.6.0092)*

➤ Référentiel technique utilisé : **EN 361 - 2002**

*Technical referential in use*

Le modèle objet de cette extension diffère du modèle de base sur les points suivants :

*The type covered by this extension is different from the basic model as regards the following points:*

➤ Mise sur le marché (modèle de base : BACOU-DALLOZ – Roissy - France)

➤ Boucle rapide, réglage bretelles en ALU PA de couleur noir avec 2 ressorts référence 90020358 (modèle de base : boucle rapide, réglage bretelles en ALU PA de couleur noir référence 90015155)

➤ SE/Revol – plaque pivotante en INOX F17 référence 50006206 (modèle de base : DE/Revol – plaque pivotante en ALU référence 90014409)

➤ Changement de la fermeture par boucles mâle/femelle en alliage léger références 90007823/90007822 et de la sangle bavaroise en Polyester référence 90014586 (modèle de base : boucle rapide SR 30/40mm en plastique référence 90008327 et sangle bavaroise en polypropylène 90003470)

➤ Fil Venus (modèle de base : fil Neox)

Afin de valider ces modifications, l'équipement objet de l'extension a subi avec succès les essais pertinents de la norme EN 361 de mai 2002. En conséquence ces modifications ne remettent pas en cause la conformité aux exigences essentielles qui ont été prises en compte pour l'attestation d'examen CE de type délivrée au modèle de base.

*To certify these changes, the equipment covered by the extension passed relevant tests required by the standard EN 361 of May 2002.*

*Consequently, these changes do not question the conformity with the essential requirements taken into account to award the EC type examination certificate.*

Document authentifié par tampon sec  
*Document certified by dry stamp*
