- Industrial Cleaning
- Laboratory
- Offshore
- Petro-chemical
- Water treatment

Product Use

Mechanical and chemical resistance to a large range of products (oils, detergents and many solvents). Preparation of greasy products, production of paints, varnishes.

Features & Benefits

Feature

Supported nitrile glove. Cotton interlock liner. Textured finish. Length : 30 cm.

Benefit

COMFORT Interlock knit liner gives gloves added strength for resistance to cuts, snags, abrasions and punctures while adding comfort to wearer. Hand portion is treated with a permanent anti-bacterial and anti-mildew agent. Unique textured finish provides excellent grip on oily, wet or dry objects. RESISTANCE High nitrile content offers superior resistance to cuts, snags, abrasions and punctures. Outperforms supported natural rubber, neoprene and vinyl gloves when exposed to solvents, caustics and animal fats True dip coated glove has a permanent bond of nitrile to inner-liner. Won't peel apart like glued-in liners. HYGIENE Gloves are free of latex proteins which can cause allergic reactions.

Technical Description

Description

Supported nitrile glove. Cotton interlock liner. Textured finish. Length : 30 cm.

Product Technology

Dipped

Glove/liner color

Blue

Coating Type

Nitrile

Length

30 cm

Thickness

1 mm

Harmlessness

In conformity with the European standards.

Dexterity

Class 5

Sizes

7S, 8M, 9L, 10XL
